- i. Reconciliations  
Reconciliations had been carried out prior to the meeting and were signed off.
- ii. Month-end report and budget status January 2020  
The following items were highlighted:
  - The Clerk had moved Santa's float under sponsorship and donations.
  - The arrears owed by Fitness Division (now called BG Fitness) had now been paid. The contract had been reviewed in the name of BG Fitness with the addition of a few ground rules. The clerk would chase the outstanding payment for February.
- iii. Community Centre
  - Contract sum forecast  
The Chairman highlighted that the contract sum had increased however the sum now included PV panels and bollards. The increase meant that there was currently a forecasted overspend of £32,857.25 however there was a £20k contingency built into the contract that would cover the majority of this and still a further saving of £11k expected from VE to the lighting.
  - Income/Expenditure
    - The breakdown included the new contract sum as above and was now just under £400k.
    - There had been £287,384 funds received and £112k still to claim to include the latest bill of £106K from the main contractor and this would be applied for via New Homes

Bonus scheme.

- Cash flow/schedule of payments  
Concerns were raised about the s106 pot for the development of 93 houses, South of Aylesbury Road, as the build was yet to start which raised the risk that £300k S106 money for the development would be later than expected. It was agreed that a Community Centre meeting would be arranged in order to discuss options of either bridging the gap if there were a delay or contingencies in place if that money was stopped completely. There were a couple of other S106 pots that could be looked at.
- review of invoices
